

PLASTER PRIMER

CODE:**DPP 01****Description:**

An eco-friendly, interior and exterior primer for new dry plaster, ceiling boards, brick, concrete, fibre cement and various types of composition boarding.

Product Benefits:

Ideal for sealing old chalky surfaces such as old PVA, powder distemper and lime wash provided they have been well brushed/sanded down.

SURFACE PREPARATION:

Ensure all surfaces are clean, dry and free from dirt, oil, grease and any contaminants. New plaster moisture content must not exceed 15% before application.

APPLICATION:

Application by brush, roller or airless spray. Brush application preferred for chalky surfaces. No thinning necessary except for chalky surfaces. Thin up to 10% with clean water for chalky surfaces. Clean up with clean water.

TECHNICAL DATA:

SG:	1.39 - 1.41
Drying Time: (T)	2 hours
Drying Time: (H)	24 hours
Solid Mass:	50 - 52%
Solids Volume:	29 - 34%
Finish:	Matt
Viscosity:	100 - 105 KU
Spread Rate:	Approx 6m ² /lt depending on surface profile and porosity.
Flash Point:	37°C
